

Inquiry form end mills

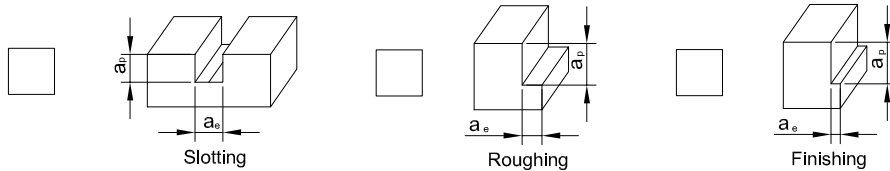

Quantity 5 10 >10 _____ pcs.

Material

Material to be cut _____

Tensile strength/ hardness _____ N/mm² HRC

Application

depth of cut a_p : _____ mm

width of cut a_e : _____ mm

Tool material

solid carbide HSS-E-PM HSS-CO M 42

Radial corner

Ballnose outer corner chamfer outer corner radius

similar to standard item

Dimensions

total length _____ mm

cutting length _____ mm

shank length _____ mm

flute length _____ mm

cutting \varnothing _____ mm

shank \varnothing _____ mm

reduced neck yes no

Shank

Form HA plain

Form HB drive flat

number of flutes

centre cutting

Coating

bright finish TiN TiAlN

AlTiN nano TiAlSiN _____ (other)

form of profile
